About ADH Health Products, Inc:

ADH Health Products, Inc. is an established pharmaceutical manufacturer of vitamins, minerals, and nutritional supplements - providing high quality and comprehensive R&D, product development, and commercial scale manufacturing services since 1980. We specialize in a broad range of custom formulations, including tablets, capsules, liquids, and powders. Our 70,000 sq. ft. state of the art manufacturing facility is based in NY with co-located R&D, QC, and microbiology labs. Our facilities are registered with the FDA, cGMP certified by NSF International, and certified under the NSF Certified for Sport program.

ADH Health Products Inc.'s R&D capabilities also include a BioEnhanceTM research and development platform that can improve product development with enhanced bioavailability, taste, and stability of key active nutritional ingredients.

ADH Health Products Inc.'s clients include leading consumer health companies and brands, and we are driven by the potential health benefits our product development efforts can have on improving consumer health.
